

GREEN MARKET PLACE in Brussels –

a West Midlands European Service Event

Friday 27th May 2011, 8.30am – 10.30am
Location: Brussels

Are you...

Applying for European Funding to deliver transnational environmental projects?

Wanting to develop a project proposal?

Looking for a European partner?

If the answer is “Yes” then this event is for you

As part of the European Union’s Green Week (24 – 27 May) 2011, West Midlands European Service will be hosting the networking event “Green Market Place”. The purpose of this event is to help you develop your project proposals and help find European partners by networking with like minded individuals. The event will look at the LIFE+, Eco-Innovation and FP7 Environment funds and incorporate case studies with the aim to develop projects and build consortiums. The experience and knowledge of the West Midlands European Service team will also be on offer. While you’re in Brussels why not take advantage of the other Green Week events and continue networking.

Best Practice Speakers include...

Giuseppe Tomasoni, University of Brescia, DIMI - LIFE+ COSMOS project:

the project has been developed for treatment and reuse of fly ash. A final target of the researches is to evaluate the real performance of the new materials obtained by the treatment and the actual and, if the case, potential markets for the foreseen products.

Pascal Leroy, WEEE Forum - LIFE+ WEEELABEX project:

a multi-annual project aimed at laying down a set of European standards with respect to collection, treatment, recovery and recycling of waste electrical and electronic equipment (WEEE) and monitoring the processing companies.

Avraam Karagiannidis, Associate Professor AUT, Aristotle University of Thessaloniki - LIFE+ ROADTIRE project:

the project aims to demonstrate an innovative use for recycled rubber from EOL-tires in road construction. This will ultimately foster and facilitate a new and wider market for EOL-tires in construction applications.

REGISTER HERE

Places are limited and are only confirmed on receipt of the registration form – the full agenda and venue details will then be revealed.
